To whom it may concern,

I would like to let people know how pleased I am with this product. I have had it less than a week and the difference in the house is amazing.

My husband is a heavy smoker and the air was always stale in the Am. Now I never even notice it.

The amount of moisture it has put back into the air and the dirt taking out of the air is unbelievable.

I actually sent one back to Ideal World as this was a much better deal.

I am one very happy customer and I am more than happy to recommend this product to all.

Yours Sincerely

Mrs. *St* Cassy
